

MILOS

PRODUCT NAME:
SPEAKER STAND PLATE

Speaker Stand Plate

Available in

The right direction for crystal-clear acoustics

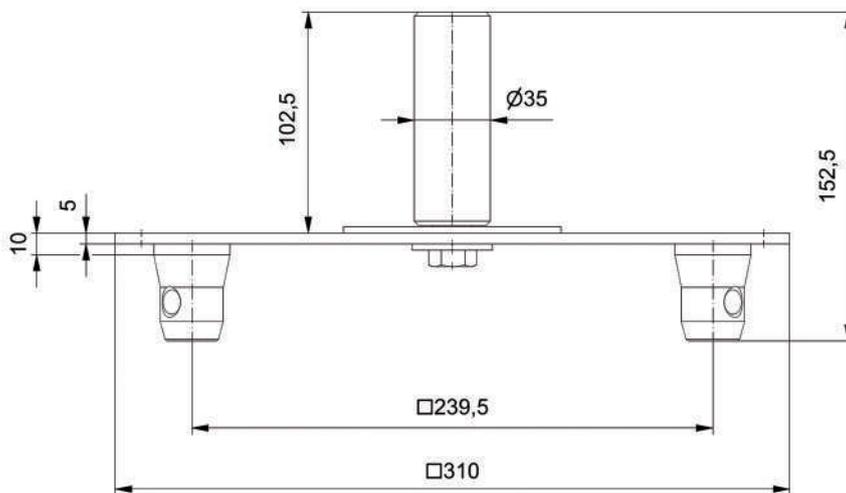

The chunky aluminium base plate (310x310mm) allows the 35mm diameter spigot to securely mount the speaker on any M290 truss end. Weighing just 1.99 kg, the MILOS Speaker Stand Plate has been specifically designed for mounting speakers safely and securely to truss ends. Bespoke mounting spigot designs are available upon request.
